MEMORANDUM FOR: Deputy Director (Intelligence)

SUBJECT : Assignments of [redacted] 25X1A9a

25X1A9a

1. Pursuant to my discussion of this subject with the Director and subsequently with you, I released the attached proposed Notice and requested that publication be expedited. This memorandum will confirm our conversation with regard to the supergrade position involved.

2. It is my understanding that the Director advised you that you could recruit for a candidate to replace Mr. [redacted] in a supergrade position and that he would insure that you were "protected." 25X1A9a

3. Publication of the above-mentioned Notice should not be interpreted as increasing the DD/I supergrade ceiling or the Agency supergrade ceiling by one position. As long as the Agency supergrade ceiling remains at its present level I do not have authority to make such a commitment. As you know, the Supergrade Review Board makes recommendations to the Director on matters of this nature. Accordingly, I shall forward a copy of this memorandum to the Chairman of the Supergrade Review Board for such action as he deems appropriate.
